

The Michigan Society of Professional Engineers  
Invites you to attend a one day seminar on...

## Infrastructure Alternatives & Site Development

Tuesday, September 24, 2002 Crowne Plaza Hotel, Grand Rapids 9am-Noon

**Seminar and Speaker Profile:** Dana Trierweiler, PE. Having the right players on your team means all the difference in the world. Just ask the 1972 Miami Dolphins, the 1984 Detroit Tigers or the 1985 Chicago Bears. Or you could ask any number of the municipalities with whom Dana Trierweiler has worked. Trierweiler believes the best way to approach any infrastructure project is by assembling the right team, managing the details and most importantly communicating with all the involved parties. Hearing Trierweiler speak will allow you and your organization to better understand the ins and outs of infrastructure projects, project management and—most importantly—the importance of both.
